

## Summer Reading

### 6th Grade

**Assignment** - Students read or reread *Hatchet*. It is recommended that students read this book close to the start of school. The sequel to this book will be studied in the fall, and it is necessary for the student to be familiar with the themes involved.

*Hatchet* by Gary Paulsen

Young Adult - After a plane crash, thirteen-year-old Brian spends fifty-four days in the Canadian wilderness, learning to survive with only the aid of a hatchet given him by his mother, and learning also to survive his parents' divorce.

**Read another book of your choice.** To be recognized as an acceptable choice, the book must be age and reading level appropriate. Books that are series books are on this list also. If you have already read one of them, then you may choose the next one in the series that you have not read. If there is a book you would like to read and it is not on this list, please email for approval.
