

## INSTRUCTIONS FOR TAKING AR TESTS FROM HOME

Mark this website under your favorites:

<https://hosted152.renlearn.com/230756/>

The first time you go to this website you will need to go to the bottom of the page and click on **Check Software Requirements** to make sure you have the needed software. If you have more than one computer that your child uses, you must do this for each one.

Check Software Requirements

You must show a green check for the following software:

- **Adobe Flash Player**
- **Adobe Reader**
- **Renaissance Place Print Plug-in**

If you are missing any of these, you will not be able to get the program to take tests. You must run a download for the ones you are missing. Then, go back and check the requirements again to see if you have green checks where needed.

Login:

Your child's username will be the first initial and the first four letters of his or her last name. The password is the same as it is for taking tests at school. Most likely it will be the letters ncs plus the student's last initial.

When logging in:

- **Go to "Take a Quiz"**
- **Choose "Take a Reading Practice Quiz"**
- **Choose Title, Author or Quiz Number and fill out the needed info in the box to search for your book**
- **If the book does not show up under the title, try the author's name.**
- **If the book is AR, the book title will appear. Click on the book title in the box and the test will begin.**
- **The results will be saved to the database. You should be able to print the results of the test as well.**
