

MIDDLE SCHOOL YEARBOOK APPLICATION

Name _____ Grade _____

Are you more interested in working with words, images and design, people or technology? Please elaborate.

Have you ever taken a photography course? Art?

Please give an example of a situation that shows you have one or more of the following qualities:

Dependability -

Working well with others -

Creativity -

Organization -

What other organizations, activities or sports are you involved in?

Do you understand that being on the yearbook staff may require work outside of class time (sporting events, concerts..)?

Do you have a camera you can use every week?

(Every yearbook staff member must turn in excellent candid photos each week for a major grade.)

I will be contacting a few of your past teachers for recommendations. Who was your last English teacher? What grade did you earn in English?

A favorite teacher?

Please list your extracurricular activities from the 2015-16 school year & any activities outside of school (scouts, church...):

Which of the following areas do you feel most qualified for:

writing layout/design artwork typing

photo editing computer skills photography

proofreading interviewing organization

Questions (to be answered by students in their own handwriting):

1. What experience do you have working with robots or programming?

2. What skills do you have that would help you contribute during a First LEGO League competition?

3. Why would you like to enroll in Middle School Competitive Robotics?

4. Do you prefer to build robots or program robots and why?

5. If you have participated in an FLL competition, what aspect of the competition did you enjoy the most and why? What aspect of the competition did you find the most challenging and why?

6. Please list any other extra curricular activities that you know you will be participating in for the 2017-2018 school year.
