Northland Christian School Minimum iPad Requirements for Middle School Students

School Year: 2025–2026

Dear Parents and Guardians,

To ensure your student is equipped for success in the classroom, Northland Christian School requires all middle school students to bring a personal iPad that meets the minimum technology specifications listed below. These requirements help maintain consistency in app compatibility, performance, and classroom efficiency.

Minimum iPad Requirements

• Model:

iPad (9th generation or newer)

OR

iPad Air (4th generation or newer)

OR

iPad Pro (any model released after 2020)

Operating System:

Must be capable of running iPadOS 17 or later

Storage:

Minimum **64 GB** (128 GB or higher recommended for media-heavy classes)

• Screen Size:

10.2" or larger

• Battery Life:

Must hold a charge for a full school day (6–8 hours)

• Case:

Durable protective case with a built-in stand (keyboard cases are encouraged but not required)

MacBook Requirements 25-26

Northland Christian School

Minimum MacBook Requirements for High School Students

School Year: 2025-2026

Dear Parents and Guardians,

To ensure your student is prepared for academic success, Northland Christian School requires all high school students to bring a personal MacBook that meets the minimum technology specifications outlined below. Standardizing these requirements allows for reliable software compatibility, streamlined classroom instruction, and consistent student productivity.

■ Minimum MacBook Requirements

Model:

MacBook Air or MacBook Pro (Released in 2020 or later with Apple Silicon preferred – M1 or newer)

Operating System:

macOS Sonoma (macOS 14) or later

Storage:

Minimum 256 GB SSD (512 GB recommended for students in media or STEM-heavy courses)

• RAM:

Minimum 8 GB (16 GB recommended for advanced programs)

Battery Life:

Should last a full school day (6–8 hours of continuous use)

Case/Protection:

Protective sleeve or case recommended for daily transport and protection
